HOW TO • STAMPED WOODEN SPOONS

1

SUPPLIES

- Wooden Spoons (with flat handles)
- Hammer
- Metal Stamp Set (alphabet)
- Tape

2

Use a tape line to guide the placement of letters. If wood is slick do a light sanding.

Optional- sand brand name off, finish with a water based sealrer

3

Any metal stamp set will do but be sure to find the marking showing the letter is right side up. Hold stamp in place on spoon and hammer top of stamp. Use a spoon to practice to get a feel for it.
